# Differences with France and stereotypes

In England they drive on the left with the wheel on the right. The taxis and buses are different : the taxis are black or other colours, they are the traditional taxis.

The buses are double deckers and they are red.

On the pavement, you wait 2 minutes to cross and you have 5 seconds to cross the street.

The walls of the houses are in stone with tiles for the roof, the houses don't have shutters.

English kids wear a uniform to go to school and they have a packed lunch for lunch.

The government is different : in France we have a president and a prime minister but in England they have a queen, a royal family and a prime minister.

In England, the weather can be rainy or sunny.

English people drink tea and they eat fish & chips.

The English play rugby, cricket and football.

The Royal Family is important for the British.

They are not very elegant !

The British always wait in a queue.

The British are always on time.

They are very polite.
